Customer C.A.R.E. Day Shredathon Returns!

Security Central is happy to announce the return of their annual Customer C.A.R.E. Day celebration. After being cancelled in 2020 due to COVID restrictions, the fun-filled event will take place on Saturday September 25th this year.

Jordan Jackson, president of Security Central, recently explained why he is extra excited about this year's event, "We moved into our new facility in late 2019. We were really looking forward to our May 2020 Customer C.A.R.E. Day so we could show people our new service center. Of course, COVID interrupted that plan! We have been waiting a long time, but we will finally have the opportunity to welcome people to our new 'home' on September 25th!"

Please note the address of the new location is 67 Inverness Drive East, Englewood, CO 80112. It is approximately one mile southeast from the previous Security Central building.

Brandy Pontious, Security Central vice president and general manager, added, "Our team members love seeing our clients face-to-face at our Customer C.A.R.E. Day. It is the one time each year they can connect personally with the people they serve all year long. Even though the free document shredding and electronic recycling is intended to be a gift to our clients, the day is also a great gift to our employees who love our clients so much."

The event will run from 9:00 am to noon on September 25th. XpresShred will have shredder trucks on site to destroy personal documents and 3R Technology Solutions

KING OF C.A.R.E.

Rick Wang, one of our Client C.A.R.E. Specialists, received this quarter's I-C.A.R.E. award. The peer-selected recognition was awarded to Rick for going above-and-beyond to help a team member and a client on his day off.

One of Rick's teammates, Michael, received a call from a children's medical facility manager while working on a Saturday. The client needed to make some immediate changes to their electronic access control system at the facility due to a sensitive personnel issue. Their card-reader system supported remote management via smart-phone or computer, but the facility manager was unable to login successfully. Michael could tell it was an urgent issue for the manager. Unfortunately, Michael was not familiar with the type of system the client had, so he was limited in the technical support he could provide. Michael recalled, however, that Rick had received training on that system type the previous week. Therefore, Michael reached out to Rick even though it was Rick's day off.

Rick gladly stopped his personal activities and jumped in to help Michael and the client. Rick was able to make the necessary adjustments the client needed so the client could be confident their building would remain secure in the midst of their personnel challenge over the weekend.

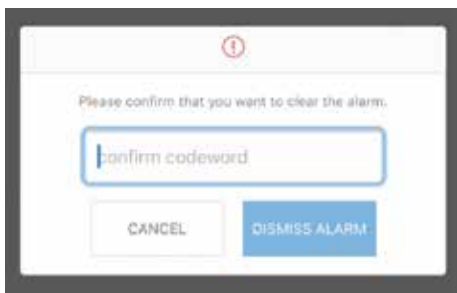

Rick's willingness to sacrifice his own personal R&R time to help a coworker and a client earned him the latest King of C.A.R.E. crown. Thanks, Rick, for showing your teammates and clients how we C.A.R.E.! 

Fastest Alarm Response in 4 Easy Steps

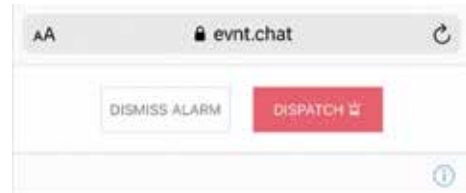

When an alarm is triggered at your home or business, you will receive a text notification with a link in it.

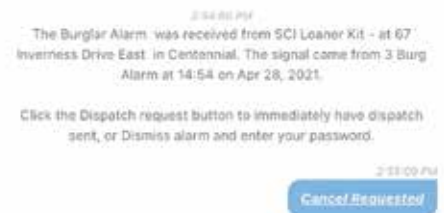

You will be prompted for your verbal password to confirm your selection. This is NOT the 4-digit code that you enter into your keypad.

Once you click on the link, you will be taken to a screen with the option to "Dismiss" or "Dispatch".

Your selection will be confirmed on the next screen, and no further contact will be necessary. 

Trek to Tanzania

The Security Central family is going for a walk... all the way to Tanzania, Africa! It is 9,000 miles from Denver to Tanzania, and the Security Central team of approximately 50 people has committed to collectively walk 9,000 miles (18,000,000 steps) this summer to help a village of 300 people in Tanzania.

Nearly half the population of Tanzania does not have access to clean drinking water. The women in the village we have adopted currently get their daily water out of a dirty, germ-infested, mud hole. The Security Central team is going to change that.

When the team hits the 9,000-mile-mark for total mileage on their fitness trackers, Security Central will fund the drilling of a well for the village. Imagine the impact when the villagers see clean, fresh water for the first time!

We have partnered with Lifewater International, one of our Million Dollar Impact partners, to drill the well. Lifewater provides clean water, hygiene systems, and hope in third-world countries. To learn more about Lifewater or to make a donation, visit www.Lifewater.org.

What a great example of a win-win situation. The Tanzanian village gets clean drinking water and our team members get the health benefits of being more active this summer! 

YOUR HEDGE OF PROTECTION IS ABOUT TO GROW!

This summer Security Central will introduce new services to better protect you against the growing threats you face everyday.

Customer C.A.R.E. Day Shredathon Returns!

(Continued from Front Cover)

will be collecting personal electronics for safe, secure, environmentally-friendly recycling.

Please limit your paper and electronic items to what can fit in a personal passenger vehicle, SUV, or pickup truck. Any commercial vehicles will be referred to the processing centers of XpresShred and 3R Technology Solutions.

The annual event is also a fundraiser for the Denver Rescue Mission to impact homelessness and addiction in our community. Financial donations to DRM will be collected via cash, check, or credit card.

Due to the cost of mandated environmental processing of TV's, a minimum donation of \$15 to Denver Rescue Mission is required for recycling of computer monitors and TV's up to 31" and \$25 for each T.V. 32" or larger.

Please note there are certain materials we cannot accept for recycling:

Acceptable Items:

- Most Consumer Electronics
- Computers, Printers, etc.
- TV's/Monitors (up to 31") - **\$15 Donation Req'd**
- TV's/Monitors (32"+) - **\$25 Donation Req'd**

Non-Acceptable Items:

- Liquids (Paint, Thinners, etc.)
- Radioactive or BioHazard Materials
- Large Appliances (Refrigerators, Washers/Dryers)
- Furniture or Mattresses

**We look forward to seeing you Saturday September 25th
between 9:00 a.m. and noon! ♦**
